ANTENNA WIZARD INC.
PO Box 57098
2020 Sherwood Drive
Sherwood Park, Alberta
T8A 5L7

Thank you for your purchase from Antenna Wizard.
We have installed for you:

○ Satellite TV for SHAW BELL

Operating instructions:

To raise dish and search for signal, simply press and hold the POWER button for 2 seconds, until "POWER ON" appears on the screen, then release the button. The dish will now do the rest on its own. Once the control box displays:

LG Shaw		SM ExpressVu
***111 *107**	**or**	***91 *82**

the search is complete, and you should have TV, but you may need to call you provider for a signal/ receiver refresh in order receive channels.

To lower dish for travel, simply press the POWER button once and wait for the dish to put itself down and the control box to turn itself off.
If the control box is off before lowering the dish, press and hold the POWER button for 2 seconds to turn it on, release the button, and then press it once more to begin the stow procedure.

ALWAYS VISUALLY CONFIRM THAT THE DISH IS DOWN BEFORE DRIVING!

Please see your owner's manual for more information.

Damage to the dish caused by weather or driving with it up is NOT covered by warranty.
Please check and maintain the roof sealants at least twice a year to protect your 4 year installation warranty.

You have _____ satellite receiver(s).

The main TV is on _____ for satellite.

The master bedroom TV is on _____ for satellite.

The _____ TV is on _____ for satellite.
